

MonitoringApp User Agreement

Last updated: May 29, 2026

This User Agreement governs your use of MonitoringApp, a personal health and task monitoring Android application developed by Marcio Maciel Bastos. By using MonitoringApp, you agree to this User Agreement. If you do not agree, do not use the app.

Developer and Contact

Developer: Marcio Maciel Bastos

Contact email: marciomacielbastos@hotmail.com

App package: [br.com.marciobastos.monitoringapp](https://play.google.com/store/apps/details?id=br.com.marciobastos.monitoringapp)

App Purpose

MonitoringApp helps users organize tasks and view personal wellness signals from compatible wearable and health services, including Huawei Health Service Kit / Health Kit when authorized by the user. The app may show task status, activity, heart rate, sleep, stress, SpO2, temperature, walking distance, and workout intensity information when available.

MonitoringApp is currently an MVP in development/testing and may change over time.

Health Kit Authorization

MonitoringApp can access Huawei Health data only after you explicitly authorize the requested Health Kit permissions. You may grant, deny, or revoke permissions through Huawei Health, HMS Core, Android settings, or applicable Huawei account settings.

If you deny or revoke permissions, some watch signal and health dashboard features may be unavailable or may show no signal.

User Responsibilities

You agree to use MonitoringApp only for lawful, personal, and non-commercial purposes. You are responsible for the accuracy of task information you enter and for how you interpret general wellness information shown by the app.

You should keep your device, Huawei account, and Android account secure. Do not use MonitoringApp in a way that interferes with the app, Huawei Health, HMS Core, or any third-party service.

Medical Disclaimer

MonitoringApp is not a medical device. It does not diagnose, treat, prevent, monitor, or predict

diseases or medical conditions. The app is intended only for general wellness and personal productivity awareness.

Health and fitness data shown in MonitoringApp may be incomplete, delayed, inaccurate, or unavailable. Do not rely on MonitoringApp for medical decisions, emergency decisions, diagnosis, treatment, or safety-critical monitoring. Always consult qualified healthcare professionals for medical advice.

Privacy

MonitoringApp's handling of personal and health data is described in the Privacy Policy:

https://raw.githubusercontent.com/marciomacielbastos/MonitoringAPP-g/main/privacy_policy.pdf

By using Health Kit features, you acknowledge that Huawei Health, HMS Core, and Health Service Kit may process data under Huawei's own terms and privacy notices.

No Advertising or Sale of Health Data

MonitoringApp does not use Health Kit data for advertising, cross-app tracking, sale to data brokers, insurance decisions, credit decisions, or employment decisions.

Availability and Changes

MonitoringApp is provided as an MVP and may contain bugs or incomplete features. Features may be changed, suspended, or removed at any time. Health Kit features depend on Huawei Health, HMS Core, compatible devices, user authorization, network availability, and Huawei service availability.

No Warranty

MonitoringApp is provided as is and as available, without warranties of any kind to the maximum extent permitted by law. The developer does not guarantee that the app will be uninterrupted, error-free, accurate, secure, or compatible with every device or service configuration.

Limitation of Liability

To the maximum extent permitted by law, the developer is not liable for indirect, incidental, consequential, special, punitive, or exemplary damages, or for losses arising from your use of or inability to use MonitoringApp, including reliance on health or task information displayed by the app.

Nothing in this User Agreement excludes liability that cannot be excluded under applicable law.

Termination

You may stop using MonitoringApp at any time by uninstalling the app or clearing app data. The

developer may discontinue the app or any feature if necessary for technical, legal, security, or service availability reasons.

Changes to This Agreement

This User Agreement may be updated as MonitoringApp evolves. Material changes will be reflected in an updated agreement document. Continued use of the app after updates means you accept the updated terms.

Governing Considerations

This agreement is intended to be interpreted consistently with applicable Brazilian law where relevant, including consumer and data protection rules that may apply to the developer and users.
